

CLASSROOM MAGAZINES

Read. Learn. Motivate. Inspire.

Dear Parent,

Our class subscribes to **Science World** magazine. Now, your child can read it online at home!

By logging on with a student password on a home computer, your child will have access to a digital version of the magazine, along with videos, slide shows, skill-building activities, and more!

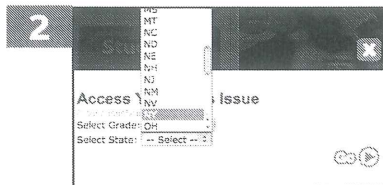

The password login information below will give your child access to the current issue of **Science World** throughout the school year.

From time to time, I may assign homework from a past issue using a special password given to students only for that assignment. Here's how to access the magazine Web site with your child:

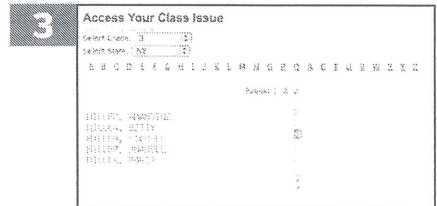

Open your web browser and go to www.scholastic.com/scienceworld

1 In the student login box, enter this password:
bhsd 8 science

Then press the "Go" button.

Select our state. Press "Go."

Then select my name. Press "Go!"

That's it! Bookmark the site and keep this flyer handy to share your Scholastic magazine with your child, and enhance reading and learning at home anytime.

Sincerely,

TEACHER: Dr. Burns

P.S. Make sure your computer meets these system requirements for optimal performance: the Web site is best viewed at 1024 X 768 screen resolution with Flash Player 10 or higher. Browsers supported: IE 7 or IE 8, Safari 3.0 or higher, and Firefox 3.0 or higher. JavaScript and cookies should be enabled.
